

Pike fishing in Sweden

Båven fishing camp

7 nights /6 fishing days

The location:

The Båven is the biggest lake in the Södermanland region.

The total surface is 6700 hectares with waters particularly full of big predators.

It is a private lake on which we have private and exclusive fishing rights on two areas of 900 hectares each with a lot of islands, bays, breaks and shallows alternating with deeps

Here, you are in the middle of a wild nature, well known for its avian and land fauna, its pure and clear waters, it is one of the most beautiful lakes in Sweden..

This lake is located 1.30 h driving from Stockholm Arlanda airport and 45 mn from Skavsta airport

The fishing:

The lake shelters a population of pikes with a high average size (about 80 cm), every year, we catch a lot of more than 1 meter.

Big perches of 40 cm and more than 50 cm are regularly caught and you can also fish a big amount of zanders .

You can fish with lures, live baits, mort manié, fly fish and in several limited areas, you can also troll i

The fishing season:

Fishing starts mid-April and ends early November

The accommodation:

Your accommodation is a comfortable traditional Swedish house located by the lake (100 meters from you pontoon) ; a big kitchen with all facilities as electric oven with plates, dish washing machine, fridge and freezer, micro wave etc..., a resting room, 3 large bedrooms with 2 individual beds and 2 single bedrooms, bathroom with toilets.

Around the house, a large garden with fruit trees (cherries, apple and pears), barbecue and garden furniture
