

## Fishing in Sweden

### Langhalsen/Yngaren Fishing Camp

## 7 nights /6 fishing days

### **The location:**

The Långhalsen lake is located in the Södermanland region, in Sweden  
Its total surface covers more than 3200 hectares.

It is a private lake on which we have exclusive fishing rights of 400 hectares, particularly rich in big pikes, perches and very big zanders (pike perches).

The fishing camp is located 30 mn from Stockholm Skavsta airport and 1h30 from Stockholm Arlanda airport. The total surface of the lake Yngaren (we can fish 80% of this surface).

### **The fishing:**

On our fishing area of the Långhalsen lake, you will fish very big zanders (average size of 70 cm) with many over 80/95 cm.

Pikes (many over one meter) and big perches complete the fishing session: it is a real multi predators fishing place where you can either catch a pike, a big perch or a zander at the same place

Boating is easy, with no trap, it is the ideal place for a first fishing trip abroad.

You can either fish with lures or live baits, mort manié, troll or fly fish on the Långhalsen.

During your stay, you have the possibility to go fishing one day on the Yngaren lake with is 7 km distant (or more days with extra charge) There, you will also have a very rich population of big pikes, zanders and perches.

### **The fishing season:**

Fishing starts mid-April and ends early November

### **The accommodation:**

You will stay in lovely cottages just by the lake, with your private pontoon, bathroom with shower and toilets, lounge with sofa, outside wooden terrace or balcony in front of the lake , barbecue, kitchenette small kitchen (fridge, micro wave, 2 el plates) , bedroom with 4 single beds at first floor. Individual sauna outside.

### **The boats**

4m25 Sandström boats, 9.8 hp engines, Humminbird dual frequency fish finders, electric engine, life jackets , security kit, anchor, oars, chart
